

PAYMENT CLUB TERMS & CONDITIONS

Thank you for your interest in the payment club. The payment club gives you an opportunity to pay up a motorcycle or scooter at your convenience; however there are a few stipulations. Please read through this carefully and only sign if you are completely happy with everything here. If you have any questions please get in touch.

Refund:

First & foremost; there is no refund available. If you do feel that you are struggling to make payments then please let us know. We are here to help. You can cancel at any time but you will get no refund.

Set up:

There is a one off Admin Fee of £100, this covers all admin of your account and invoices, there is no other extra fee. You will be asked to pay the fee by bank transfer or at your local post office or bank (we are unable to take card payments over the phone). Once this fee has been received you will receive a card and further information by post.

There is no other fee or interest, there is no credit check, there is no late payment charge, you pay what you want when you can afford it, all we ask is that you have paid for the item within 18 months.

The vehicle:

Choosing the right bike/scooter is something that you have probably done by now, if not there is no rush. You can make your selection at any time and we ask all customers inform us of their choice once they have paid 80% or more toward the item.

Changing the vehicle:

You can change your selection of the bike at any time (unless we have registered the vehicle which we do on **payment being complete**).

Upgrade / Downgrade:

You can upgrade your choice prior to registration by informing us in advance. If you are struggling to make the payments we can help, one solution would be to select a downgrade. A refund of any overpayment due to downgrade is not possible. If you wish to upgrade an extension on the timescale can sometimes be granted.

Vehicle Delivery:

Your bike/scooter will be delivered ready to ride: Registered with the DVLA, 1 Years Road Tax, Number Plate, L Plates & Full Tank of Fuel, all you are required to do is insure it.

Discontinued / Out of Stock:

Your vehicle is only reserved or ordered once you have fully paid for it, this means from the start of your payments until your final payment, your desired vehicle could become either discontinued or out of stock. If it is out of stock you have the option of waiting until it is available again or selecting another model. If the replacement is more expensive there will be an additional fee to clear the balance, if the replacement is cheaper there will be no refund of overpayment.

If the vehicle is discontinued you will have to make a new choice, we always give expert advice and we will help you make the right choice based on the stock availability at that time. If you select a more expensive replacement there will be an additional fee to clear the balance, if the replacement is less than the amount already paid then we can reimburse up to 50% of the difference in goods such as helmets & clothing.

Timescale:

We ask that all vehicles are paid for within 18 months, if however you require longer period of time then please get in touch asap as we are here to help. We can extend the period up to 24 months if good reason to do so, after 24 months your account will be terminated and you will receive nothing.

Keep us updated:

This is extremely important: We need to be told every time you make a payment, this way we can cross check the account and send you an updated invoice of your account. This is extremely important. You have to inform us of a change of details as soon as possible (address, phone, email, etc) If you do not this could lead to the vehicle being incorrectly registered and/or delivered to the wrong address...

Keeping you updated:

Every time you make a payment we will adjust your account and email you an up to date invoice of your account. The invoice will tell you the remaining balance on your account in order to get to your target value.
